

Build Anything Better.™

THE EMPIRE HOME

TYPE OF BUILD ----- RESIDENTIAL

SIZE ----- 5,520 SQ.FT.

LOCATION ----- HEADINGLEY, MANITOBA

YEAR BUILT ----- 2011

DESIGN HIGHLIGHTS

This stunning home features 9,520 sq ft of finished living space on the main and lower levels. The open ceilings, 23' high gable end walls and integrated timber framing all combine to create a dramatic and comfortable living space design.

RESILIENCE, SUSTAINABILITY & COMFORT NOTES

This home was built to exemplify comfort, soundproofing and protection from the elements and severe climatic events.

With great fondness and respect, this home is dedicated to the memory of Tom Smerchanski - the original owner of AMC Foam Technologies Inc. and a founder of Logix Brands Ltd.

CONSTRUCTION FACTS

This home was successfully constructed through a harsh Winnipeg winter. The timber-frame elements were attached to the Logix walls after they were poured, requiring the walls to be constructed to exact tolerances. The 23' tall walls were poured in a continuous pour.
