

## 2.1 – INTRODUCTION

For builders who want a competitive edge, Logix offers solid products and friendly local service. Our products are designed to perform better in the field, providing trouble-free, profitable installations time after time. Our technical team is ready to respond to your queries with practical advice on quick and efficient installation. With contractor training provided through our numerous regional technical support offices, help is always close at hand. We are the most experienced ICF manufacturers in North America, manufacturing top quality products at our nine plants located throughout the United States and Canada.

For more information, or to contact a Logix representative, visit our website at [www.Logixicf.com](http://www.Logixicf.com) and click "Contact Us". You can also register online to receive Logix updates.

This manual will be updated regularly. Current updates will be available at [www.Logixicf.com](http://www.Logixicf.com).

You can count on Logix. The ICF wall system that's built to last.
