

Logix Pro™

- Our flagship product line
- Thicker 2¾" panels
- Superior R25 wall assembly

Logix Platinum Series®

- Made with Neopor® by BASF®
- R-value enhanced with graphite infrared reflectors and heat absorbers.
- Delivers a full R28 – without increasing wall assembly thickness.

Logix D-Rv®

- Efficient slide-in panel
- Delivers an optional drainage plane.
- Increases wall assembly R-values to R33 – R37.

Logix XRV®

- Our extreme R-value solution
- Delivers wall assembly R-values up to R75!
