#### **Payment Method**

Phone: \_\_\_\_\_

(Cost is \$90 for the first Notebook, \$50 for each additional Notebook)

Check Attach	ed	Paid y	when Entry Notebook was Requested
Credit Card		DISCOVER	(Fill out page 7 for CC form.)

#### **Important Note:**

The information on pages two, three, and four of this notebook, along with the photographs you provide, are the only information the judging panel will have to evaluate this project. Therefore, please provide as much information as is relevant. The figures after each heading indicate the percentage that each area represents in the final score (e.g. "Architecture 15%" means that the architecture of the project makes up 15% of the final score.) Use additional pages if needed. The final two pages (five and six) request contact information for team members, and allows the panel to verify the information provided.

## **Project Specifications (15%)**

Project Completion Date	Total Project Cost: \$
Size (Total Sq. Footage)	Use:amily, note uses of structure and sq. footage.
Sq. Footage of ICF Walls:	Percent of Exterior Walls built with ICFs%
Other Uses of ICFs on this project:	
Interior Walls (Note square footage)	Underslab Insulation
Landscaping (Note square footage) Retaining walls, swimming pools, outbuildings, etc	Floor Decking
Project Details	
ICF Installation Time <u>days</u>	Total Project Construction Time: days
Time saved (if any) by using ICFs:	
Additional Construction Cost (if any) by using	g ICFs:
Major Suppliers (Brands) Used on the Projec	t:
ICF System (Brand)	- Floor Joists
Wall Bracing	– Exterior Finishes
Window/Door Block-outs	- Waterproofing

**Sustainability 10%** Describe how this project maximizes the advantages of ICF construction. Be sure to include any elements of sustainable design incorporated in the structure. If the project has been energy tested, include the rating. Average monthly heating and cooling costs, if known, should be stated.

*Architecture* 10% Describe the outstanding architectural features of the project, referring to photographs as necessary.

**Complexity and Creativity 20%** Describe the overall complexity of the project's design, challenges involved, and how they were overcome. For instance, wall heights and number of corners, unusual angles, roof connections, new materials or technologies uses, etc. Especially highlight innovative solutions to challenges to design and construction challenges:

**Construction and Site Considerations 15%** Describe any construction difficulties the contractor dealt with, and how they were overcome. This includes budget constraints, project timelines, extreme weather events, poor soils or site topography, etc.:

**Significance 15%** Describe the project's significance to the region and the ICF industry as a whole. Be sure to mention new standards the project has set (if any), attention the project has received and how the project has advanced the industry as a whole:

#### **Background Information**

Comment on the project's success (Mention the owner's level of satisfaction, whether it was completed within time and budget constraints, the project's impact on the community, and any awards the project has won; such as LEED certification, recognition in the press, etc.)

Additional information about the project that should be considered regarding why the project deserves an ICF Builder Award.

#### **Marketing Efforts**

Who made the decision to build with ICFs?	Owner/Occupant	Contractor Architect		
Was this individual already familiar with ICFs?	Yes No			
Discuss how the contractor and ICF brand for the project were selected				

Discuss any sales techniques, marketing efforts, or relationship building that was used to convince the team to build with ICFs:

### **Team Members**

(Write "Same" if any information is already recorded elsewhere; leave blank if project role was unfilled)
